Please note, UC Davis has not officially announced full costs for the 2018-19 academic year (year 1). The tuition and student services fee will likely increase (we have included the 2017-18 amounts for these categories). All fees and tuition costs above will be applied consistently to all California resident graduate students at UC Davis. In our original budget we built in an estimated 3% annual increase to tuition costs. We cannot predict fees percentage changes for the 2019-20 (year 2) academic year, but may expect them to remain in line with the figures above.
